

1941, and Chapter 296 of the Acts of the General Assembly of 1937, to be designated as Sections 1007 A and B of Article 16, and 1031 A and B of Article 17, in a codification of the Public Local Laws of Maryland, said Acts repealed and amended relating to the institution and maintenance of a uniform system of garbage, trash and refuse collection and disposition within the Washington Suburban Sanitary District.

SECTION 1. *Be it enacted by the General Assembly of Maryland,* That Chapter 816 of the Acts of the General Assembly of Maryland of 1941 is hereby repealed, and that Chapter 802 of the Acts of the General Assembly of Maryland of 1941 and Chapter 296 of the Acts of the General Assembly of Maryland of 1937 are hereby repealed and re-enacted, to read as follows:

1007A. It shall be unlawful for any person, firm, or corporation not residing or located in the Washington Suburban Sanitary District or for any person, firm or corporation located within said boundaries and collecting such materials for hire, to dump garbage, trash, refuse, rubbish or junk on any public or private dump within said boundaries without the consent of the owner of the land and without a permit from the Washington Suburban Sanitary Commission.

No person, firm or corporation shall engage in the business of collecting garbage, trash, refuse, rubbish or junk for compensation without first securing a permit from said Commission, and for the protection of the health, comfort and safety of persons residing within the boundaries of said Sanitary District, said Commission may establish reasonable regulations for the collection and disposal of such materials. A reasonable fee, to be fixed by said Commission for either maintaining a dump or collecting for hire, garbage, trash, refuse, rubbish or junk, shall be paid for each permit and the said Commission may refuse or revoke a permit for a public or private dump, after notice and hearing, if the Commission shall find that the location and use of the proposed dump or the operation of an established dump would endanger the health, comfort or public welfare of persons residing within the vicinity thereof, and may revoke any permit for the business of collecting garbage, trash, refuse, rubbish or junk for hire, after notice and hearing, for the violation of its regulations.

It shall be the duty of the Washington Suburban Sanitary Commission to construct when needed, on some convenient site or sites to be selected by it, an incinerator or incinerators of a modern type for the disposal of garbage, trash, rubbish, refuse or junk, and the Commission may acquire such land as it may need for the disposition of garbage, trash or junk anywhere
