

License cannot be issued to persons with vision in one eye only, unless such condition has existed for a period of not less than one year prior to date of application.

Failure to meet the above requirements precludes the issuance of any driving license.

(d) **COLOR TEST—COLOR BLIND RESTRICTIONS.** Applicants for any driving license must be able to distinguish between the red, green and amber lights used in traffic signals, which respectively mean "Stop", "Go" and "Get Ready to Stop or Go."

If applicant can readily distinguish green at all times but may have difficulty in distinguishing red from amber, or amber from red, he/she may be issued an unrestricted license.

In the event applicant cannot distinguish green from red or amber, or red or amber from green, a restricted license for "Daylight Driving Only" may be issued.

(e) **APPLICANTS WHO ARE UNABLE TO READ ENGLISH.** An applicant for any driving license who has passed the prescribed examinations on the motor vehicle law, in driving, and for eye test, but who cannot read sufficient English in order to interpret the danger, warning, no parking, and other highway and street signs, erected by the State Roads Commission and by cities and towns, may receive a restricted license which requires the operator to be accompanied on driving seat by a person able to read and interpret such signs.

The applicant so restricted, may at any time be reexamined and upon demonstrating ability to interpret such signs, will be issued an unrestricted license.

(f) **APPLICANTS WHO ARE UNABLE TO SIGN NAME.** An applicant who is unable to sign his/her name legibly, as herein elsewhere required by law for identification purposes, will not be issued any type of driving license.

(g) **APPLICANTS WITHOUT THE USE OF ARMS.** An applicant who is without the use of either the right or left arm above the elbow joint may be granted, at the discretion of the Department, a restricted license but such person at all times when operating a motor vehicle may be required to wear a serviceable artificial arm or suitable attachment to assure compliance with the provisions of Section 80 (9) of this Article.

(h) **APPLICANTS WITHOUT THE USE OF LEGS.** An applicant who is without the use of a foot or leg, or, who from any cause has no use of a foot or leg, shall appear before an Examiner of the Department with the motor vehicle which the applicant intends to operate and upon demonstration to the Department of ability to drive said vehicle in a safe manner, may be granted a restricted license to operate said vehicle only.
