

4. The Department upon approving any such lamp or device shall issue to the applicant a certificate of approval together with any instructions determined by the Department.

5. The Department shall publish lists of all lamps and devices by name and type which have been approved by it, together with instructions as to the permissible candlepower rating of the bulbs or the beam intensity which it has determined for use therein and such other instructions as to adjustment as the Department may deem necessary.

231. REVOCATION OF CERTIFICATE OF APPROVAL ON LIGHTING DEVICES. When the Department has reason to believe that an approved device as being sold commercially does not comply with the requirements of this Article, it may after giving thirty (30) days' previous notice to the person holding the certificate of approval for such device in this State, conduct a hearing upon the question of compliance of said approved device. After said hearing the Department shall determine whether said approved device meets the requirements of this Article. If said device does not meet the requirements of this Article it shall give notice to the person holding the certificate of approval for such device in this State. If at the expiration of ninety (90) days after such notice the person holding the certificate of approval for such device has failed to satisfy the Department that said approved device as thereafter to be sold meets the requirement of this Article, the Department shall suspend or revoke the approval issued therefor until or unless such device is resubmitted to and retested by an authorized testing agency and is found to meet the requirements of this Article, and may require that all said devices sold since the notification following the hearing be replaced with devices that do comply with the requirements of this Article. The Department may at the time of the retest purchase in the open market and submit to the testing agency one or more sets of such approved devices, and if such device upon such retest fails to meet the requirements of this Article, the Department may refuse to renew the certificate of approval of such device.

232. BRAKE EQUIPMENT REQUIRED. (a) Every motor vehicle, other than a motorcycle, when operated upon a highway shall be equipped with brakes adequate to control the movement of and to stop and hold such vehicle, including two separate means of applying the brakes to at least two wheels. If these two separate means of applying the brakes are connected in any way, they shall be so constructed that failure of any one part of the operating mechanism shall not leave the motor vehicle without brakes on at least two wheels.
