

ment in lots or quantities of one hundred (100) certificates, which shall be in duplicate or triplicate as the Department may determine.

After inspecting and approving the safety factors of a motor vehicle, the official inspection station shall cause a certificate to be pasted in the lower right hand corner of the windshield of the motor vehicle or in such position as to be visible from the outside.

245. IMPROPER REPRESENTATION AS OFFICIAL STATION. (a) No person shall in any manner represent any place as an official inspection station unless such station is then operating under a valid permit, nor shall any person issue a certificate of inspection and approval unless then holding a valid permit hereunder.

(b) No person shall make, issue, or knowingly use any imitation or counterfeit of an official certificate of inspection.

Violation of Sections 244 and 245 shall be deemed to be a misdemeanor and upon conviction shall be punishable by a fine of \$1.00 to \$100.00.

246. OWNERS AND DRIVERS TO COMPLY WITH INSPECTION LAWS. (a) In the event repair or adjustment of the equipment of any vehicle is found necessary upon inspection, the owner of said vehicle may obtain such repair or adjustment at any place he may choose, but in every event a certificate of inspection and approval must be obtained from an official inspection station whenever required under the provisions of this Article; otherwise any such vehicle shall not be operated upon the highways of this State.

(b) No person shall display or cause or permit to be displayed upon any vehicle any certificate of inspection and approval knowing the same to be fictitious or issued for another vehicle or issued without an inspection having been made.

Violation of this section shall be deemed to be a misdemeanor and upon conviction shall be punishable by a fine of One (\$1.00) dollar to One Hundred (\$100.00) dollars.

247. COMPUTING WEIGHT OF SOLID TIRE MOTOR VEHICLES. The weight of such motor vehicles shall be computed by adding the weight of the vehicle and the weight of its load.

248. COMPUTING WEIGHT OF SOLID TIRE VEHICLE WITH TRAILER ATTACHED. Whenever a trailer on solid tires is attached to such vehicle, the weight thereof shall be computed by adding the combined weights of such vehicle and such trailer and the combined weights of the loads thereon; provided, however, that when such trailer is equipped with adequate brakes,
