

ed in the said Board of County Commissioners sitting as a District Council for said Silver Spring Business District and shall be administered by said District Council in the same manner in which said Board administers the affairs of the Montgomery County Suburban District sitting as a District Council, provided, however, that all on-site expenses for the operation of the said off-street parking system must be paid from the special taxes hereinabove authorized, or from the funds derived by the installation and operation of parking meters within said Silver Spring Business District as hereinafter authorized, or from fees received for the parking of automobiles or other vehicles for the use of the parking facilities hereinabove authorized.

1039D. The County Commissioners of Montgomery County sitting as a District Council for said Silver Spring Business District are hereby authorized to purchase, install, maintain and operate parking meters along any street or highway or alley located within said Silver Spring Business District or upon any parking site located therein, provided, however, that before placing any parking meters upon any State highway in said District the said District Council shall first obtain approval thereof from the State Roads Commission of Maryland. The County Commissioners aforesaid sitting as said District Council are authorized to fix and charge parking meter fees, and fees for the use of any such parking site or lot, and the revenue received therefrom shall be applied toward the cost, improvement, maintenance and operation of the parking sites or lots as provided in this sub-title.

1039E. Commercial and industrial sites and their improvements are to be exempted from the special taxes authorized by this sub-title if and when they provide as much general parking as may be required in any general ordinance that said Board of County Commissioners, sitting as a District Council, may adopt for the portion of Montgomery County lying within the Maryland-Washington Regional District, for other or new commercial or business districts now or hereafter located within said Maryland-Washington Regional District in Montgomery County.

1039F. The Montgomery County Police Force is hereby directed to enforce both the general and local public laws and any and all ordinances which may be adopted by the said Board of County Commissioners throughout the extent of the off-street parking spaces authorized by this sub-title in the same manner that they are now required by law to enforce said laws and ordinances in the public streets and alleys of Montgomery County.
