

out only in accordance with the schedule therefor, unless such schedule be amended, within the limits of such appropriations, in the following manner:

The Senate may by resolution provide for or authorize the amendment of its Schedule.

The House of Delegates may by resolution provide for or authorize the amendment of its schedule.

The Governor may himself make an amendment schedule, if the same be necessary, with respect to the appropriations for the Executive Department, and upon its transmission to the Comptroller and appropriation for such department shall be paid out in accordance with such amended schedule.

Any department, board, commission, officer or institution may, at any time submit in writing to the Governor an amended schedule for the disbursement and apportionment of the appropriations made to it by him. If the Governor shall approve such amended schedule he shall transmit the same, with the certificate of approval, to the Comptroller and thereafter, such appropriation shall be paid out in accordance with said amended schedule. Any such amended schedule so submitted to the Governor may be withdrawn at any time before the Governor has acted thereon. Any amended schedule approved by the Governor may be again amended at any time in like manner and with like effect. All amendments and schedules made or approved by the Governor shall be reported by him to the next session of the General Assembly, and one copy thereof shall be presented to each member of the General Assembly within ten days after the convening of the session.

Section 19A. The Director shall appoint in accordance with the provisions of Section 13 of this Article a Farm Manager-Advisor, Building Engineer and one or more Budget Analysts, whose duties and qualifications shall be as follows:

(a.) The Farm Manager-Advisor shall be a graduate of a recognized college of Agriculture. He shall continuously analyze the food requirements of all State Institutions and shall make recommendations concerning the operation of farms and dairies owned and operated by the State and shall make recommendations concerning the acquisition, disposal and use of such farms and dairies.

(b.) The Building Engineer shall be a graduate Mechanical Engineer with at least three years experience in building construction and maintenance. He shall continuously study all the maintenance and operational costs of
