

(b) A temporary certificate of registration shall be issued in Baltimore City to any person at the time he shall offer to vote in a general election, even though a record of his registration is not in the binder of registered voters delivered to the judges of election, if his name appears on the list of registered voters for the precinct at which he may offer to vote, if he has some reasonable means of identifying himself as such person, and if all four judges of election agree unanimously to the issue of such temporary certificate. Such a certificate shall then entitle the holder to vote at such election, as if his name had been included in the binder of registered voters for such precinct.

27. Any registered voter who shall remove from the precinct in which such voter is registered, either to another State, to any county of this State, or to another precinct of Baltimore City, shall, within thirty days after such removal, notify the Board of Supervisors of Elections of the date of such removal and of the address to which such voter has removed.

28A. (a) Beginning in the year 1950, and continuing in every second year thereafter, the judges of election in each precinct in Baltimore City shall make a house-to-house canvass of the voters thereof, on the third Monday in May in each of said years. They shall check such voters against a list of them to be furnished the said judges by the Board of Election Supervisors of Baltimore City. They may make such canvass as a group, or they may by agreement among themselves divide the precinct and each make a canvass for a portion of the precinct. They shall report to the Board of Supervisors as a group, noting beside each name on the list of voters whether each voter respectively is "Present", "Moved", or "Deceased". Said list shall forthwith be sent to the Board of Supervisors, and the Board shall then proceed to correct the said registration lists in the manner provided in Section 28 of this sub-title. Each judge of elections shall be paid at the rate of one day's remuneration for participating in the said house-to-house canvass of the voters.

(b) At least ten days prior to May 3 in the year 1950 and in every second year thereafter, the Police Commissioner of Baltimore City shall require the members of the Police Department to make a house-to-house canvass of the inhabitants of the City of Baltimore over twenty-one years of age, and to report to the Board of Election Supervisors of said City, by precincts, the list of all such inhabitants, on forms to be supplied by the Board and in a manner to be specified by the Board.
