(b) Persons in professional positions in the said ~~Bureau~~, INSTITUTION, including the associate directors and all social workers and sociologists, psychiatrists, psychologists, physicians, dentists, and administrative officers, shall not be included in the Merit System under the provisions of Article 64A of the Annotated Code. They shall be chosen by the Director of the said ~~Bureau~~, INSTITUTION, subject to the approval in each instance of the Advisory Board established hereunder. The associate director in charge of the custodial and administrative duties of the ~~Bureau~~ INSTITUTION shall be appointed by the Director, from a list of names submitted to him by the Board of Correction.

4. (Administrative Organization.) (a) The Bureau shall be an independent and autonomous agency in the medical and psychiatric diagnosis and/or treatment of persons within its jurisdiction, under the general supervision and control of the Director, with full authority to determine and apply such procedures for diagnosis and types of care and treatment as to it seem most suited in individual instances. In the routine of administrative control and management, and in matters relating to the custodial care and safety of persons within the jurisdiction of the Bureau, the policies and methods of the Bureau shall be subject to the general control and supervision of the Board of Correction, and the Board shall require that such policies and methods be similar to those used in the several penal institutions under its control. The Associate Director, in charge of the custodial and administrative duties of the Bureau under the Director, shall be in charge of the day-to-day administrative details and custodial matters of the Bureau, following the policies and methods determined upon by the Board of Correction. In the event of any question or dispute arising under this section, as to whether a given matter concerns the medical and psychiatric treatment of persons within the jurisdiction of the Bureau, or whether it concerns the administra-
