

in the water supply system of the City and to prescribe appropriate penalties for the violation of any such ordinance;

(h) To require all individuals, firms or corporations having mains, pipes, conduits or other structures in, on or over any public way in Anne Arundel County which impedes the establishment, construction or operation of any of the systems described in Section 1 hereof, upon reasonable notice, to remove or adjust the obstruction to the satisfaction of engineers employed by the City and, if necessary, to exercise powers of condemnation to remove any such obstruction.

SEC. 5. *And be it further enacted*, that the powers hereby expressly conferred upon the City to take such action as may be necessary or appropriate to the acquisition by the City, or by the Annapolis Water Company owned by it, of the water and sewage systems of the Anne Arundel County Sanitary Commission and the Annapolis Metropolitan Sewerage Commission which are located within the corporate limits of the City. In carrying out any such powers the City may enter into appropriate contracts with either such Commission for the acquisition of any such systems or facilities, including any property necessary to the operation thereof and all plats, maps and designs showing the location thereof. Authority is hereby expressly conferred upon the City to expend from the proceeds of the sale of any of the bonds hereby authorized so much as may be necessary for the acquisition of any such system or systems. Authority is hereby also expressly conferred upon the City to assume debt service charges incurred by either of said Commissions in connection with the construction and installation of any such systems so that the City may contract either to make payment, from year to year hereafter, on account of any such debt service charges either directly to the Commission which incurred the same or to the holders of outstanding bonds of any such Commission issued for the purpose of making the installation or constructing the facilities acquired by the City. The City may, in the alternative, enter into appropriate contracts or agreements for the connection of any of the systems of the City, described in Section 1 hereof, with any of the systems of either of said two Commissions, and for the making or payment of such charges resulting from such connection as may be appropriate under the circumstances. Power is hereby expressly conferred upon the City to acquire from the Annapolis Metropolitan Sewerage Commission all its rights, franchises, funds and property of every kind, whether within or without the City, and to assume and be responsible for all the obligations and liabilities of said Commission. In the event the City shall enter into such an agreement with the Annap-
