## DEPARTMENT OF PUBLIC WORKS

113. *Director of Public Works.* There shall be a department of public works headed by a director of public works. The director of public works shall be appointed by the mayor with the advice and consent of the council and shall serve at the pleasure of the mayor. His compensation shall be determined by the council. For convenience of administration, the mayor and director of public works, with the consent of the council, may divide the department of public works into bureaus, such as a bureau of engineering, a bureau of streets, a bureau of water supply, a bureau of sanitation, and other similar bureaus.

114. *Duties.* Under the supervision of the mayor, the director of public works shall:

(a) *Have general supervision and direction over the planning, construction, operation, maintenance and repair of the public ways, sidewalks, gutters, water system and plant, sanitary sewerage system, sewage disposal plant, garbage incinerator plant, airport, and such other public works or improvements as the city may undertake.*

(b) *Recommend from time to time to the council through the mayor such public works or improvements as he deems necessary.*

(c) *See that the building and plumbing codes of the city are enforced.*

(d) *Supply engineering advice to the mayor, the council, or other officers of the city when they request it.*

(e) *Do such other things as the council or the mayor may require.*

## PUBLIC WAYS AND SIDEWALKS

115. *Definition.* The term "public ways" as used in this charter shall refer to all streets, avenues, roads, highways, public thoroughfares, lanes, and alleys which at present are or in the future may be within the City of Salisbury.

116. *Control.* The City of Salisbury shall have charge of all the public ways of the city except such as may be under the jurisdiction of the Maryland State Roads Commission. Subject to the laws of the State of Maryland and
