

(b) *In order to control, retard or eradicate any dangerously injurious insect or plant disease the aforesaid officers may quarantine within the State any area known to be infested or infected and may regulate the movement of infested or infected plant material or non plant material likely to transfer the infestation or infection from the quarantined area or areas to non-infested or non-infected areas. The aforesaid officers may likewise remove areas from quarantine, when the purpose for which the quarantine was established has been achieved.*

(c) *The aforesaid officers may issue regulations under the quarantine, as an integral part thereof, for treatment of infested and infected crops and for the treatment of the soil, implements, storage facilities or any other equipment or materials, in the quarantine area, likely to be a factor in the transmission of the insect, other animal pest or disease to other non quarantined areas within the State.*

(d) *In the interest of insect and plant disease control, the aforesaid officers may regulate or prohibit the planting of any crop, in the quarantined area or areas, which would in their judgment prevent or limit the control, retardation or eradication of any insect, other animal pest or plant disease for which the quarantine may be established.*

SEC. 2. *And be it further enacted, That this Act is hereby declared to be an emergency law and necessary for the immediate preservation of the public health and safety, and having been passed by a ye and nay vote, supported by three-fifths of all the members elected to each of the two Houses of the General Assembly of Maryland, the same shall take effect from the date of its passage.*

Approved April 30, 1951.
