

430K. *The Commission shall make such charge as it shall determine to be reasonable, for every water and sewer connection as provided in this sub-title, based upon the width and surfacing of the street, road, alley or right-of-way in which the connection is made; provided, however, that the connection charge on either side of the street, road, alley or right-of-way shall be uniform. All of the revenue above actual cost derived from such charges shall be retained by the Commission as a fund for repairs, replacements or any extraordinary expense in the maintenance and operation of the water supply, sewerage or drainage systems under its control.*

430L. *All sums collected by the Commission for benefits levied against the property for water supply, sewerage or drainage construction shall be set aside as a separate fund to be known and designated as the Metropolitan District Account. The Commission, in order to determine the amount which it may deem necessary to be levied under Section 6, shall deduct such amount as the Commission may estimate that it will be able to collect out of the benefits theretofore levied by it but not yet paid, from the whole amount necessary to be raised in any one year for interest and principal payments on outstanding bonds, and the balance then remaining to be raised shall be the amount to be certified to the County Commissioners of Harford County for collection by taxation as provided by Section 430F.*

430M. *For the purpose of providing funds for maintenance, repairing and operating its water supply, sewerage or drainage systems, and for its operation and other expenses, including proper depreciation allowances, and for interest on, and the retirement of bonds as specified in this sub-title, the Commission is hereby empowered to make a ready-to-serve charge on water and a charge for the upkeep of sewers chargeable against all properties having a connection with any water pipe or sewer pipe under its supervision or ownership. Said rate for both ready-to-serve and such charge for the upkeep on sewers shall be uniform throughout such sanitary district, subject to such changes from time to time as may be necessary. The charge for the upkeep on sewers shall be reasonable and collected annually in the same manner as benefit assessments are collected and shall be a first lien against all property having a connection with any sewer pipe under its supervision or ownership. The rates for water service shall consist of a minimum or ready-to-serve charge, which shall be based upon the size of the meter on the water connec-*
