

*owner or tenant, or agent of said owner or tenant, or any other person, shall be a misdemeanor punishable under Section 430U of this sub-title.*

*430T. All individuals, firms or corporations having buildings, conduits, pipes, tracks, poles or other structures or obstructions in, on, over, under or through any public road, street or alley of any sanitary district, or any portion of Harford County outside of any sanitary district, which shall block or impede the construction and establishment of the Commission's water supply, sewerage or drainage systems, or other works, shall upon reasonable notice from the Commission, promptly so shift, adjust, accommodate or remove such structures or obstructions as to fully meet the exigencies occasioning such action; provided, however, that the costs of such changes shall be borne and paid for by the Commission. Every public service corporation, company or individual before it or they shall begin any excavation or construction in any street, road, alley or public highway within any sanitary district shall file with the Commission plans of such work and construction showing the location and depth in such street, road, alley or public highway of the proposed main, conduit, pole, pipe or other structure, and such construction or work shall not be begun until said plan shall have been approved by the Commission, nor shall any change be made in said approved plan or in the work or construction as shown upon said plan, except on further approval of the Commission. Whenever any main, conduit, pole, pipe or other structure is put in without the filing of plans with the Commission and the approval thereof by it, or when any change is made in the location of such main, conduit, pipe, pole or other structure as shown upon the plans approved by the Commission, or any approved change therein, the Commission may, if and when such conduit, main, pipe or pole, or other structure, interferes with the construction of or operation of its water or sewerage system, or other works, remove such conduit, main, pipe, pole or other structures or change the location thereof at the cost and expense of the party so putting them in, or their heirs, assigns, or successors, and without any liability upon the part of the Commission for damage that might be done to the same by reason of the Commission's operation in constructing or maintaining its systems or works. Any violation of the provisions of this section shall be a misdemeanor punishable under Section 430U of this sub-title.*
