

interest from the proceeds of ad valorem taxes levied without limitation as to rate or amount on all assessable property in said Town, notwithstanding any other statutory limitation on such taxes; to authorize the Commissioners of Delmar, Maryland to enter into all appropriate agreements with the Town of Delmar, Delaware necessary to the proper joint construction and joint use of said outfall sewer; approving the submission of the question of the issuance of said bonds to a referendum of the qualified voters of Delmar and empowering the Commissioners of Delmar, Maryland, as a part of the financing of said outfall sewer, to reduce its outstanding indebtedness by solicitation of tenders for the redemption of outstanding sewer bonds of the Town from the proceeds of the sinking fund accumulated for the retirement of said bonds:

SECTION 1. *Be it enacted by the General Assembly of Maryland,* That the Commissioners of Delmar, Maryland (hereinafter referred to as "The Town") is hereby authorized and empowered to construct, or to join with the Town of Delmar, Delaware in the construction of a new outfall sewer, to replace the existing sewer, such authority hereby conferred including authority to pay for designs, plans and specifications, easements or rights of way, appropriate connections or leads into said sewer, necessary surface or underground pumping facilities and necessary or appropriate facilities on the site of the sewage treatment plant. The Town is hereby granted the authority to employ engineers to design and supervise said installation and to permit the construction thereof either within or outside the corporate limits of the Town or beyond the boundaries of the State of Maryland and the Town is hereby further authorized to enter into a contract or agreement with the appropriate officials of the Town of Delmar, Delaware covering all details in connection with the construction and use of said outfall sewer and appurtenances, including payment of the cost of construction, provided, however, that all designs, plans and specifications for such construction shall first be approved by the State Board of Health of Maryland and provided further that said sewer shall be so constructed as to permit the discharge therein of sewage from the Town.

SEC. 2. *And be it further enacted,* That in order to enable the Town to finance all, or its share of, the cost of constructing said outfall sewer and appurtenances, the Town is hereby authorized and empowered at one time and
