

RESOLUTIONS.

1849.

No. 94.

Resolutions authorising the Governor to cause to be printed the Report and accompanying Documents, in relation to the boundary lines of this State, State of Pennsylvania, and State of Delaware, and so forth. Passed Mar. 9, 1850.

Resolved by the General Assembly of Maryland, That His Excellency the Governor, be requested to cause to be printed, the report and accompanying documents relating to the boundary lines between this State and the States of Pennsylvania and Delaware, communicated to the Senate in his message of the seventh instant.

Resolved, That His Excellency the Governor, be and he is hereby authorised to place temporarily in the custody of Colonel J. D. Graham, United States Topographical Engineer, recently employed in retracing certain portion of the countermineous boundaries of Maryland and Pennsylvania, the manuscript proceedings of the commissioners and surveyors, including those of Mason and Dixon, which relates to the demarcation to the ancient boundaries between Maryland and Pennsylvania, in conformity with the several agreements between Cecelius Lord Baltimore and William Penn, and their heirs and successors, together with said articles of agreement, to enable the said engineer to make such reference to said documents as may be requisite to illustrate his report on said boundaries to the Topographical Bureau; *provided,* the said documents shall be returned to the archives of the State, on or before the first day of January, eighteen hundred and fifty-one.

No. 95.

Preamble and resolutions of thanks to Captain Franklin Buchanan, and Surgeon Ninian Pinkney, of the United States Navy, &c. Passed Mar. 9, 1850.

WHEREAS, responsive to an order of the Senate, of the seventh day of January, eighteen hundred and fifty, calling for copies of letters on the file in the Navy Department, at Washington, relative to the gallant and meritorious conduct of Commander Franklin Buchanan, and Surgeon Ninian Pinkney, of the United States Navy, in the late Mexican war, the following
