SEC. 4. *And be it enacted*, That whenever two miles of the said road shall have been made under this charter, and shall be in a fit and proper condition for travel, the board of directors of the said corporation may report the fact to the commissioners of Baltimore county, who shall appoint three competent and disinterested persons to examine the same, and if the said examiners or a majority of them shall report under their hands and seals, to the said commissioners that at least two miles of the said road have been made under this charter, and are in a fit and proper condition for travel, and how many miles thereof are in such condition, then it shall and may be lawful to, and for the said corporation to erect one or more toll gates upon the said road, and receive and demand for travel thereon at the following rates per mile, for every mile in such condition, viz: for every wagon or carriage of any description, and for every animal of every kind at the same rates that are charged or allowed to be charged upon the Baltimore and Harford Turnpike Road; and as the said corporation progresses with the making of the said road, it may make similar reports from time to time, which reports shall be acted upon in like manner and with similar results, and the said corporation shall have like power and authority to arrest and detain any cattle, beast or vehicle, that may come, be driven or brought upon the said road, until such toll be paid, as is now by law given to or vested in any turnpike road company in this State; or the said corporation may collect its said tolls by suit or warrant as other debts are collected; but if at any time the grand jury of the said county, shall present the said road as unfit for use and travel, then and in such case all right to collect tolls thereon, shall cease and be suspended, until the same be placed in a fit and proper condition for travel as aforesaid, and until it shall be reported and examined and approved as aforesaid.

SEC. 5. *And be it enacted*, That nothing in this act shall be so construed as to authorise said corporation to issue any note, token or scrip, devise or other evidence of debt, to be used as a currency; and the legislature of this State hereby reserves to itself the right to alter or amend this act at pleasure.
