

of any such deposit of cash or securities, immediately place the same with the State Treasurer, whose duty it shall be to receive and hold the same in the name of the State, in trust, for the purposes for which such deposit is made. The State Treasurer shall at all times be responsible for the custody and safekeeping of such deposits. The operator making the deposit shall be entitled from time to time to demand and receive from the State Treasurer, on the written order of the secretary, the whole or any portion of any securities so deposited upon depositing with him, in lieu thereof, other United States Government securities of a par value at least equal to the sum required for a bond as aforesaid, and also to demand, receive and recover the interest and income from said securities as the same becomes due and payable; Provided, however, that where securities, deposited as aforesaid, mature or are called, the State Treasurer, at the request of the operator, shall convert such securities into other acceptable securities designated by the operator. Contemporaneous with, and as a condition precedent to, the filing of said certificate and any renewal thereof, the operator shall pay to the department a filing fee of Two Hundred Dollars (\$200.00).

648D. Within thirty (30) days after starting the removal of overburden at an operation for the removal of coal by open pit mining, the operator shall file an operation report with the Bureau of Mines on a form to be prescribed and furnished by the Director, giving the following information: (a) Name or number of the operation; (b) Location of the operation as to county with reference to the nearest public road; (c) A description of the tract or tracts by metes and bounds; and (d) The name and address of the landowner or the name and address of the landowner's duly authorized representative.

648E. Within six (6) months after the operation is finished or abandoned, the operator shall file with Bureau of Mines, a completion report, on a form to be prescribed and furnished by the Director, identifying the operation, stating the area of land affected by open pit mining, stating whether the operator intends to carry on drift mining upon the premises and what provision has been made therefor. The operator shall attach to the completion report a map of the operation certified by a ~~registered professional engineer~~ COMPETENT LAND SURVEYOR, showing the boundary lines of the tract or tracts, the access to the operation from the nearest public highway, the area of land affected by open pit mining, the locations preserved from drift mining, and the proposed plans in connection therewith.

648F. If the operation is not completed or abandoned within one year following the date of filing the certificate, the operator shall, within sixty (60) days after the end of said year, file with the Bureau of Mines an annual report, on a form to be prescribed and furnished by the ~~secretary~~ DIRECTOR, identifying the operation and stating the area of land affected by open pit mining during the year.

648G. Upon receipt of said completion report or annual report, the Director shall charge the area affected by open pit mining against the bond or deposit filed by the operator at the time of registration at the rate of ~~Three Hundred Dollars (\$300.00)~~ TWO HUNDRED FIFTY DOLLARS (\$250.00) per acre. Should the area actually affected by open pit mining within the year exceed the estimate made at the time of registration, the operator shall, within thirty (30)
