

and to make recommendations thereon following a study of every such proposal; and

WHEREAS, It would be most helpful to the members of the General Assembly if some opportunity were afforded whereby members of the Legislature could study these proposals in advance in order to be able to act upon them with more judgment and foresight at the time the Governor's capital improvement program is presented to the General Assembly; and

WHEREAS, There is a splendid possibility now existing for some of the members of the General Assembly to secure this information from time to time by reason of the fact that the Chairman of the Legislative Council is ex officio a member of the State Planning Commission and therefore eligible to attend the meetings and participate in the studies of the Planning Commission; now therefore be it

*Resolved by the General Assembly of Maryland, That the Chairman of the Legislative Council in his capacity as a member ex officio of the State Planning Commission be requested to report to the Council from time to time concerning the proposals advanced for major public improvements and also the study given to these proposals and any recommendations made by the State Planning Commission; and be it further*

*Resolved, That the Legislative Council be requested to supply to all members of the General Assembly any such information as in its judgment may be of interest to the entire membership of this Body.*

Approved April 25, 1955.

No. 28

(House Joint Resolution 28)

Joint Resolution requesting the County Commissioners of Cecil County to appoint a Committee of citizens to study and promote the industrial potentialities of said County, and providing for an appropriation for certain expenses.

WHEREAS, the great residential growth of Cecil County in recent years has not been balanced by a corresponding industrial development; and

WHEREAS, in order to increase the basis for taxation, provide job opportunities for citizens and stimulate commerce, new industries must be encouraged to locate in Cecil County; and

WHEREAS, Cecil County is strategically located in a market area whose potential is unlimited, with two major railroads and two major highway arteries, passing through the length of the County; and
