

CHAPTER 10

(House Bill 611)

AN ACT to add a new sub-paragraph to Section 12 of Article 75½ of the Annotated Code of Maryland (1951 Edition), title "Professional Engineers and Land Surveyors", said new sub-paragraph to be known as (3) d and to follow immediately after sub-paragraph (3) c thereof, authorizing the licensing of persons as land surveyors who have had at least two years experience in land surveying and shall have been licensed by the Board as a Registered Professional Engineer, and shall appear on the Official Roster of said Board as majoring or qualified in civil engineering.

SECTION 1. *Be it enacted by the General Assembly of Maryland,* That a new sub-paragraph be, and it is hereby added to Section 12 of Article 75½, of the Annotated Code of Maryland (1951 Edition), title "Professional Engineers and Land Surveyors", said new sub-paragraph to be known as (3) d and to follow immediately after sub-paragraph (3) c of said Section and to read as follows:

12. (General Requirements For Registration.) The following shall be considered as minimum evidence satisfactory to the Board that the applicant is qualified for registration as a Professional Engineer, or Land Surveyor, or for certification as an Engineer-in-Training, respectively:

(1) As a Professional Engineer:

a. Graduation in an approved engineering curriculum of four years or more from a school or college approved by the Board as of satisfactory standing; and a specific record of an additional four years or more of experience in engineering work of a character satisfactory to the Board, and indicating that the applicant is competent to practice engineering (in counting years of experience, the Board at its discretion may give credit, not in excess of one year, for satisfactory graduate study in engineering), provided that in a case where the evidence presented in the application does not appear to the Board conclusive nor warranting the issuing of a certificate of registration, the applicant may be required to present further evidence for the consideration of the Board, and may also be required to pass an oral or written examination, or both, as the Board may determine; or Engineers—Experience Plus Examination.

b. A specific record of eight years or more of experience in engineering work of a character satisfactory to the Board and indicating that the applicant is competent to practice engineering; and successfully passing a written, or written and oral, examination designed to show knowledge and skill approximating that attained through graduation in an approved four-year engineering curriculum; or Engineers of Long-Established Practice.

c. A specific record of twelve years or more of lawful practice in engineering work of a character satisfactory to the Board and indi-
