

provide ~~immediate~~, reasonable and adequate parking facilities for members of the General Assembly and certain State House employees attached to the Legislature, on State property at the site of the new State Office Building in Annapolis, and that during the sessions of the Legislature the area be designated for these particular purposes of parking and that minimum personnel be reassigned to enforce said parking and the regulation thereof; and be it further

Resolved, That the Secretary of State be, and he is hereby directed to send, under the great Seal of the State, a copy of this Resolution to the Director, Board of Public Works, and Chairman of the State Roads Commission, Baltimore, Maryland.

No. 22

(Senate Joint Resolution 5)

Joint Resolution urging that the State of Maryland act as quickly as possible to put its capital improvement program on at least a partial "pay-as-you-go" basis.

WHEREAS, During the months between the 1955 and 1956 sessions of the General Assembly of Maryland, a sub-committee of the Committee on Taxation and Fiscal Matters visited many of the institutions operated and supported by the State in order to observe the character and type of capital construction and to gauge the results which the State has been obtaining in its continuous program of improving and adding to the capital assets of the State; and

WHEREAS, This sub-committee discovered some instances in which in its opinion the State has expended more money than necessary in the construction of its capital facilities and has provided luxuries and "frills" unnecessary in buildings being constructed with public funds; and

WHEREAS, In the opinion of the Committee on Taxation and Fiscal Matters it would be helpful in avoiding future expenditures of this type if the State's construction program were financed at least in part on a "pay-as-you-go" basis, avoiding to that extent the temptation to over-expend public monies; and

WHEREAS, Any development of this kind also would mean a saving in the interest payments which must subsequently be provided to service borrowed money; and

WHEREAS, Over a period of years, the cumulative effect of such a policy could be successful in allowing the State to operate its capital

EXPLANATION: *Italics indicate new matter added to existing law.*

[Brackets] indicate matter stricken from existing law.

CAPITALS indicate amendments to bill.

Strike out indicates matter stricken out of bill.
