

*County where the property is located, and each person having any claim whatsoever against said property shall file his, her or its claim with said Commission on or before the expiration date mentioned in said notice, at which time any and all persons will be heard and their rights determined by the Commission, which said hearing shall be final. From and after payment to the proper parties of the agreed purchase price, or other amounts found to be due by the Commission as aforesaid, the Commission shall be authorized to take possession of, maintain and operate said system, whether private or municipal, as part of its general system, and from the date of such payment all properties along the line of any water main or sewer of the system as acquired shall stand in the same relation, bear the same benefit assessment, and be subject to the same regulations and penalties as though the system so acquired had been constructed and put into operation by the Commission under the provisions of this sub-title; provided, however, that no building or premises actually connected in an adequate manner with the said acquired system at the time of its purchase shall be required to pay any connection charge. Whenever there is in existence a privately owned water supply or sewerage system which in the judgment of the Commission is unfit, as a whole or in part, for incorporation with the Commission's system, the Commission shall disregard the existence of said system or unfit part thereof and extend its system to serve the area tributary to the existing system or unfit part thereof, and all the provisions of this sub-title relating to systems constructed by the Commission shall apply to said extension. Any municipality whose system is acquired by the Commission, whether by purchase or condemnation, is hereby authorized to use the amount paid to it for said system for the purchase or redemption of any bonds or debt which may be outstanding against the same or the Commission may as a part of the purchase price of said system, assume the payment of any such outstanding bonds. The Commission shall not purchase any existing water mains, sewers, or systems, in whole or in part, which are improperly constructed or are not of sufficient capacity or were constructed without proper authority from the State Department of Health since the passage of the law requiring the same.*

894. *After the passage of this sub-title, whenever the county or the property owners or residents of any locality in a District shall desire a water supply, sewerage or drainage system, or part thereof, to be constructed in that county or locality, and the Commission shall decide that it is inexpedient or impracticable at that time, owing to the remoteness from its general system or other causes, to build such system, such county or persons may build and operate said system at its or their own expense, but it shall be constructed under plans and specifications prepared by the Commission and under its supervision, and its maintenance and operation shall be under the general control of the Commission; and no such system or part thereof, or no water main, sewer, water purification or sewage treatment plant, or no connection with any of them, shall be constructed or installed except as in this section provided, and any violation of this provision shall be a misdemeanor punishable under Section 897 of this sub-title. All construction and operating records, including cost records, shall be filed with the Commission, which shall be empowered at any time to take over said system or part thereof, or said water main, sewer, storm water drain, water or sewage treatment*
