

title; but such matters shall not be written in said register or made public until after the examination.

121. At the first meeting of [an examining] *the Board*, or at a stated or special meeting held subsequently, suitable provision shall be made by [each of the examining boards] *the Board* to prepare a schedule of examination upon anatomy, physiology, medical chemistry, surgery, practice of medicine, therapeutics and pharmacology, obstetrics, [and] pathology, *and bacteriology*, and the same standard of excellence shall be required from all candidates. [In the department of therapeutics and practice, the question shall be in harmony with the tenets of the school selected by the candidate; the standard of requirements therein to be established by each board for itself.]

122. [All persons except physicians who were practicing medicine in this State prior to the first day of January, 1898, who are now practicing medicine or surgery and can prove by affidavit that within one year of said date said physician had treated in his professional capacity at least twelve persons, who] *Before any person* shall commence the practice of medicine or surgery in any of their branches [after the eleventh day of April, 1902], *he* shall make a written application for license to the [president of either] *Board of Medical Examiners* [which said applicant may elect], accompanied by satisfactory proof that the applicant is more than twenty-one years of age, is of good moral character and has received a diploma conferring the degree of doctor of medicine from some legally incorporated medical college in the United States or some foreign country; said diploma, if from a college in the United States, must have been conferred by a legally incorporated college having entrance requirements, standard of education, and requirements for graduation as defined by the Association of American Medical Colleges or the [Intercollegiate Committee of the American Institute of Homeopathy, respectively] *Council on Medical Education and Hospitals of the American Medical Association*; and if from a college in a foreign country, the entrance requirements, standard of education, and requirements for graduation shall be equivalent to the standard defined by the Association of American Medical Colleges or the [Intercollegiate Committee of the American Institute of Homeopathy, respectively, provided, that this requirement shall not apply to any physician who shall, prior to the eleventh day of April, 1902, have practiced outside of this State for at least three years, and who shall have been duly registered or licensed in the place where he has so practiced; provided also, that in the case of students who, on April 11, 1902, shall be in their second year in a medical college, a three years' course of study, or attendance on three courses of lectures delivered in different years, shall satisfy said requirements. Proof of the qualification of applicants as above shall, if required, be made by affidavits at the time of the making of said application and payment of fee as provided.] *Council on Medical Education and Hospitals of the American Medical Association*. The [president of the] Board [to whom such application shall have been made], if satisfied with the [same] *application filed*, shall direct the secretary-treasurer thereof to issue to said applicant an order for examination, and when said applicant shall have passed an examination as to proficiency satisfactory to said Board the president thereof shall grant to such applicant a license to practice medicine and surgery in the State of Maryland. If
