

the [president of either] Board of *Medical Examiners* shall have refused any application, either for want of the qualifications necessary to entitle such applicant to an examination, as hereinbefore provided, or for want of proficiency of such applicant upon being subjected to an examination, then the [president of neither of said boards] Board shall *not* entertain or pass upon a subsequent application from said applicant until after the expiration of six months from the rejection of said previous application. The [respective boards are] Board is authorized to license without examination applicants who present proper certificates of proficiency and professional standing at the time of application issued by the National Board of Medical Examiners or boards of medical examiners of the District of Columbia and of other States, the requirements of which are of as high a standard as those governing the Board [s] of *Medical Examiners* of this State; provided such boards of such States or District grant the same privileges to licentiates of the examining board [s] of Maryland; such applicants, however, from the National Board and the District of Columbia and other States still being required to furnish the same proof of qualifications required of other applicants by this section. [Either examining] The Board may, in its discretion, grant a license upon a special examination to a physician or surgeon from another State, the District of Columbia, or a foreign country, provided the applicant has met all the preliminary and professional qualifications required for obtaining a license by examination in this State, has been in reputable practice for a period of ten years, and has reached a position of conceded eminence and authority in his profession. Medical students, at the end of their second year of study, who have, as verified by the certificate of the dean of the college which they have attended, completed the studies of anatomy, physiology, *bacteriology* and medical chemistry in said college, shall on *suitable* application *approved by the Board* be examined in such studies by the State licensing board, the result of said examination to be considered as a part of the final examination, the full regular fee to be paid at this time, no part thereof to be returned, but placed to their credit for the remainder of the examination yet to be taken. Medical students who have, as verified by the certificate of the dean of the college which they have attended, completed a full four years' course of studies and lectures, but who have not yet received their diplomas, shall upon *suitable* application *approved by the Board* be examined in all the branches enumerated in Section 121 of this Article by the State licensing board, the final certificate and license of the said Board being withheld until the diploma of the proper medical college, with the candidate's name inscribed, be [produced], *presented* to the secretary of the Board.

123. All examinations shall be conducted in such manner that the name, school of graduation and preparatory training of said applicant shall not be made known to the Board of *Examiners* until his examination papers have been graded. [An applicant receiving a majority of the votes of the board before whom the applicant appears shall be considered to have passed a satisfactory examination and entitled to the license of said board.] *An applicant who receives the required grade as set by the Board shall be entitled to the license of the Board.*

124. A fee of Thirty-five Dollars shall be paid to the secretary-treasurer of the Board, [before whom the applicant appears,] before
