

127. Labeling.

a. Any commercial feed distributed in this State shall be accompanied by a legible label bearing the following information:

1. The net weight.
 2. The name or brand under which the commercial feed is sold.
 3. The guaranteed analysis of the commercial feed, listing the minimum percentage of crude protein, minimum percentage of crude fat, and maximum percentage of crude fiber. For mineral feeds the list shall include the following if added: Minimum and maximum percentage of calcium (Ca), minimum percentage of phosphorous (P), minimum percentage of iodine (I), and minimum and maximum percentage of salt (NaCl). Other substances or elements, determinable by laboratory methods, may be guaranteed by permission of the State Chemist. When any items are guaranteed, they shall be subject to inspection and analysis in accordance with the methods and regulations that may be prescribed by State Chemist. Products sold solely as mineral and/or vitamin supplements and guaranteed as specified in this Section need not show guarantees for protein, fat and fiber.
 4. The common or usual name of each ingredient used in the manufacture of the commercial feed, except as the State Chemist may, by regulation, permit the use of a collective term for a group of ingredients all of which perform the same function.
 5. The name and address of the person responsible for distributing the commercial feed.
- b. Any commercial feed, when distributed in this State in bags or other containers, shall bear the label placed on or affixed to the container; when distributed in bulk the label shall accompany delivery and be furnished to the purchaser at time of delivery.
- c. If a commercial feed contains a non-nutritive substance which is intended for use in the diagnosis, cure, mitigation or prevention of a disease, or which is intended to affect the structure or any function of the animal body, the State Chemist may require the label to show the amount present, directions for use and/or warnings against misuse of the feed.

128. Registration and Inspection Fees.

a. There shall be paid to the State Board of Agriculture for each commercial feed distributed in this State an annual registration fee of \$1.00 and an inspection fee at the rate of 10 cents per ton; provided, however, that sales of commercial feeds to manufacturers or exchanges between them are hereby exempted if the commercial feeds so sold or exchanged are used solely in manufacture of feeds which are registered; and provided, further, that any distributor may pay an annual registration fee of twenty-five dollars (\$25.00) for each brand of commercial feed distributed in individual packages of 10 pounds or less, and the distributor of such brand shall not be required to pay the inspection fee on such packages of the brand so registered. Where a person sells commercial feeds in packages of 10 pounds or less and in packages over 10 pounds the annual registration fee shall be \$1.00 per brand and the inspection tax shall be 10 cents per ton as provided in this Sub-title. Registration and inspec-
