

redient, unless such feed ingredient conforms to the definition of identity, if any, prescribed by regulation of the State Chemist in the adopting of such regulations the State Chemist shall give due regard to commonly accepted definitions such as those issued by the Association of American Feed Control Officials.

e. If any word, statement, or other information required by or under authority of this Act to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs, or devices, in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

130A. Inspection, Sampling, Analysis.

a. It shall be the duty of the State Chemist who may act through his authorized agent, to sample, inspect, make analyses of, and test commercial feeds distributed within this State at such time and place to such an extent as he may deem necessary to determine whether such feeds are in compliance with the provisions of this Sub-title. The State Chemist individually or through his agent, is authorized to enter upon any public or private premises including any vehicle of transport during regular business hours in order to have access to commercial feeds and to records relating to their distribution.

b. The methods of sampling and analysis shall be those adopted by the State Chemist from sources such as the Journal of the Association of Official Agricultural Chemists, or such methods as will insure representative sampling and accurate examination.

c. The State Chemist in determining for administrative purposes whether a commercial feed is deficient in any component, shall be guided solely by the official sample as defined in sub-section (k) of Section 125 and obtained and analyzed as provided for in sub-section (b) of this section.

d. When the inspection and analysis of an official sample indicates a commercial feed has been adulterated or misbranded, the results of analysis shall be forwarded by the State Chemist to the distributor and the purchaser. Upon request within thirty days, the State Chemist shall furnish to the distributor a portion of the sample concerned.

131. Rules and Regulations.

The State Board of Agriculture or authorized agent is hereby charged with the enforcement of this Sub-title, and after due notice and due public hearing is empowered to promulgate and adopt such reasonable rules and regulations as may be necessary in order to secure the efficient administration of this Sub-title. No such rule or regulation shall be promulgated, adopted, amended or repealed unless a public hearing is held on such proposal; notice of which shall be given in not less than two trade papers of general circulation at least twenty days in advance thereof.

132. Detained Commercial Feeds.

a. "Withdrawal from sale" orders. When the State Chemist or his authorized agent has reasonable cause to believe any lot of commercial feed is being distributed in violation of any of the provisions
