

(2) any pesticide unless it is in the registrant's or the manufacturer's unbroken immediate container, and there is affixed to such container, and to the outside container or wrapper of the retail package, if there be one through which the required information on the immediate container ~~can~~ CANNOT be clearly read, a label bearing

(I) the name and address of the manufacturer, registrant, or person for whom manufactured;

(II) the name, brand, or trade mark under which said article is sold; and

(III) the net weight or measure of the content subject, however, to such reasonable variations as the State Chemist may permit.

(3) any pesticide which contains any substance or substances in quantities highly toxic to man, determined as provided in Section 138 of this sub-title, unless the label shall bear, in addition to any other matter required by this sub-title

(I) the skull and crossbones;

(II) the word "poison" prominently, in red, on a background of distinctly contrasting color; and

(III) a statement of an antidote for the pesticide.

(4) the pesticides commonly known as standard lead arsenate, basic lead arsenate, calcium arsenate, magnesium arsenate, zinc arsenate, zinc arsenite, sodium fluoride, sodium fluosilicate, and barium fluosilicate unless they have been distinctly colored or discolored as provided by regulations issued in accordance with this sub-title, or any other white powder pesticide which the State Chemist, after investigation of and after public hearing on the necessity for such action for the protection of the public health and the feasibility of such coloration or discoloration, shall, by regulation, require to be distinctly colored or discolored; unless it has been so colored or discolored; provided, that the State Chemist may exempt any pesticide to the extent that it is intended for a particular use or uses from the coloring or discoloring required or authorized by this section if he determines that such coloring or discoloring for such use or uses is not necessary for the protection of the public health.

(5) any pesticide which is adulterated or misbranded.

(I) it shall be unlawful—

(i) for any person to detach, alter, deface, or destroy, in whole or in part, any label or labeling provided for in this Act or regulations promulgated hereunder, or to add any substance to, or take any substance from a pesticide in a manner that may defeat the purpose of this sub-title;

(ii) for any person to use for his own advantage or to reveal, other than to the State Chemist or proper officials or employees of the State or to the courts of this State in response to a subpoena, or to physicians, or in emergencies to pharmacists and other qualified persons, for use in the preparation of antidotes, any information relative to formulas of products acquired by authority of Section 137 of this sub-title.
