In addition to the payment of the license fee each person, firm or corporation shall file with the Board of Electrical Examiners and Supervisors a penal bond to the State of Maryland in the sum of One Thousand (\$1,000.00) Dollars, conditioned upon the faithful performance of any and all work entered upon or contracted by the licensee and to save harmless the owner or real party in interest in the property or structure within or for which the licensee shall provide work or materials from loss, damage and/or injury which shall arise through want of skill or through failure to use proper material in the performance of the work by the licensee. No license or renewal thereof shall be issued until such bond is filed. If, for any reason, such bond becomes ineffective, then, in such event, the license shall be void and of no effect.

8-20.

Any person, firm or corporation who shall, as of the effective date of this chapter, hold a valid unexpired license as a Master Electrician shall be exempt from the written examination requirements herein provided and shall be entitled to the regular renewal of such license. Any person, firm or corporation which has, for a period of at least two years prior to the effective date of this chapter, pursued the trade of a Restricted Electrician and is deemed competent by the Board of Electrical Examiners and Supervisors may be granted a Restricted Electrician license without written examination, provided that application for such license is made within 90 days following the effective date of this chapter.

Whenever the representative of a firm or corporation, that is, the person who had qualified as a Master or Restricted Electrician and whose name appeared on the face of the firm's or corporation's license, shall die or in any other manner terminate his employment or association with such firm or corporation, then the firm or corporation shall so notify the Board and immediately surrender such license.

8-22.

Applicants for licenses or renewals thereof shall sign signature cards on forms provided by the Board, one to be retained in the Board's files and the other to be forwarded to the inspection authority.

(a) The license granted under this chapter shall be conspicuously displayed in the office or place of business of the licensee.

(b) Every licensee shall conspicuously display on his truck or automobile while actually pursuing his trade a sign having dimensions of at least 12 inches by 16 inches showing the name of the licensee as it appears on the face of the license as well as the licensee's telephone number.
