

office of the Commission, one in the office of the *governing body of the county or counties in which said locality lies and one, indexed ". . . Sanitary District,"* shall be filed in a plat book [indexed ". . . Sanitary Commissions,"] in the office where the land records of the county or counties are kept; and upon the filing of said plat and the approval of said locality by the governing body or governing bodies and the Commission, such sanitary district shown on said plat shall be, and the same is hereby designated and constituted for the purpose of this sub-title to be a separate sanitary district [.] or to be a part of a previously created, contiguous sanitary district, in accordance with the determination of the Commission and, if designated a new sanitary district, shall be given by the Commission a distinctive name, [and] shall be subject to all the provisions of this sub-title [.] and shall be a separate taxing district, and the filing of said plat shall constitute legal notice to the public of such action of the Commission.

(c) That for the purpose of providing for the organization and preliminary expenses of any newly constituted or proposed sanitary district, the governing body or governing bodies of the county or counties in which such sanitary district lies [shall] may furnish the [Commission] District from time to time such sum, as in its discretion said governing body or governing bodies may deem proper, but not to exceed Five Thousand Dollars (\$5,000) for any one sanitary district, all of which shall be repaid out of the first bond issue, if any, [of] for the particular sanitary district. The authority for advances granted by this sub-section shall be in addition to other advances authorized by this sub-title.

(d) The Commission is authorized to adopt a resolution dividing the territory, or part of the territory, within which it is authorized to exercise its powers into sanitary districts. In order to develop an appropriate plan for the creation of sanitary districts, the Commission may be empowered by the governing body or governing bodies of the county or counties in which such District exercises its powers to retain, on behalf of the District, such requisite expert engineering services as may be necessary, the cost of such services to be paid from the general funds of the county or counties for which such plan is made. The resolution adopted by the Commission shall refer to a plat of such county or counties upon which the proposed sanitary district lines shall be clearly shown. Such resolution shall not be legally effective until it is approved by the governing body or governing bodies of such county or counties after public hearing held following not less than 10 days notice in one or more newspapers having a general circulation in such county or counties and until copy of the resolution and plat shall be recorded among the land records of such county or counties. The sanitary district lines of any sanitary district, including those in existence at the time of the official adoption of such resolution, may be changed by appropriate resolution referring to a requisite plat, with approval by the governing body or governing bodies of such county or counties after a public hearing as hereinabove described, and recordation among the land records of such county or counties; providing that no outstanding bonds shall in any manner be affected by such amendments. Upon approval by the governing body or governing bodies and filing of said plat and resolution as provided in this sub-section (d), new sanitary districts created pursuant to this sub-section (d) shall be, and the same are hereby designated and constituted for the purpose of this sub-title
