

[weight] *weigh* not less than **[four]** *five* and one-half pounds per gallon.

[(d)] *(e)* "Water ice or fruit ice" is a pure, clean, frozen product made from sugar, dextrose, corn syrup in dry or liquid form, water and harmless fruit or fruit juice flavoring and with or without harmless coloring, with not less than 0.35 of one per centum of fruit acid, as determined by titrating with standard alkali and expressed as lactic acid, and with or without added "stabilizer" or "*emulsifier*" composed of wholesome edible material. It shall contain no milk solids *and weigh not less than five and one-half pounds per gallon.*

[(e)] *(f)* "Milk products" is any clean and wholesome milk cream and all forms of milk fat and any clean and wholesome milk solids not fat. This definition relates only to frozen products.

[(f)] *(g)* "Stabilizers" or *emulsifiers* are pure edible gelatins or vegetable gums or any other wholesome edible materials and in such amounts as may be approved by the State Board of Health.

[(g)] *(h)* "Imitation ice cream" is any frozen substance, mixture or compound regardless of the name under which it is represented, which is made in imitation or semblance of ice cream, or is prepared or frozen as ice cream is customarily prepared or frozen, and which is not ice cream, frozen custard, sherbet, water ice or fruit ice or *quiescently frozen confections and quiescently frozen dairy confections* as they are defined in this section.

[(h)] "Frozen ice confections" are "water ice" or "fruit ice" as herein defined, manufactured into factory-formed individual servings, which must be purveyed to the consumer in properly identified individual packages, bags or suitable sanitary wrappers, except they may be frozen without agitation, may contain harmless flavoring and the acid requirements provided for in the definition of "water ice" or "fruit ice" need not be met.]

[(i)] "Frozen sherbet confections" are sherbet as herein defined, manufactured into factory-formed individual servings, which must be purveyed to the consumer in properly identified individual packages, bags or suitable sanitary wrappers, except they may be frozen without agitation, may contain harmless flavoring and the acid requirements provided for in the definition of "sherbet" need not be met, and it may contain not more than fourteen per centum by weight of total milk solids, of which not more than two and one-half per centum may be milk fat.]

[(j)] Frozen ice confections or frozen sherbet confections shall be manufactured for sale, stored, sold or dispensed only in individual portions, packages or containers prepared in such form at the place of manufacture and cannot be used in the manufacture of milk shakes. Every such individual portion, package or container shall be labeled in letters not less than $\frac{1}{8}$ inch in size with the words "Frozen Ice Confection", or "Frozen Sherbet Confections", respectively.]

(i) "*Quiescently Frozen Confections*" mean a clean and wholesome frozen, sweetened, flavored product in the manufacture of which freezing has not been accompanied by stirring or agitation. This confection may be acidulated with harmless organic acid, may contain milk solids, may be made with or without added harmless pure or imitation flavoring, with or without added harmless coloring. The finished product may contain not more than one-half of one ($\frac{1}{2}$) per
