

expedient or impracticable at that time, owing to the remoteness from its general system or other causes, to build such system, such [county or] persons may build and operate said system at [its or] their own expense, but it shall be constructed under plans and specifications prepared by the Commission [and] or under its supervision, and its maintenance and operation shall be under the general control of the Commission; and no such system or part thereof, or no water main, sewer, water purification or sewage treatment plant, or no connection with any of them, shall be constructed or installed except as in this section provided, and any violation of this provision shall be a misdemeanor punishable under Section 551 of this sub-title. All construction and operating records, including cost records, shall be filed with the Commission, which shall be empowered at any time to take over said system or part thereof, or said water main, sewer, storm water drain, water or sewage treatment plant, or connect on with any of them in the same manner as provided under Section 547 for systems existing on June 1, 1957. [The Commission shall be empowered to extend its water supply, sewerage or drainage systems into any area outside of any sanitary district contiguous thereto and not included in any other District on or in the vicinity thereof, when the property owners of said area shall agree to the charges, assessments and conditions that may be imposed by the Commission as hereinbefore outlined.]

549. Right of Entry.

Any employee or agent of the Commission shall have the right of entry, at all reasonable hours, upon any private premises and into any building, in [such sanitary district] *a sub-district*, while in pursuit of his official duties, upon first presenting proper credentials from the Commission, and any restraint or hindrance offered to such entry by any owner or tenant, or agent of said owner or tenant, or any other person, shall be a misdemeanor punishable under Section 551 of this sub-title.

550. Impediments to Commission's Facilities.

All individuals, firms or corporations having buildings, conduits, pipes, tracks, poles or other structures or obstructions in, on, over, under or through any public road, street, or alley of any [sanitary district] *sub-district* which shall block or impede the construction and establishment of the Commission's water [supply] *systems*, sewerage [or drainage] *systems or surface water drainage systems*, or other works, shall upon reasonable notice from the Commission, promptly so shift, adjust, accommodate or remove such structure or obstructions as to fully meet the exigencies occasioning such action; provided, however, that the costs of such changes shall be borne and paid for by the Commission *from the funds credited to the sub-district in which such change occurs*. Every public service corporation, company or individual before it or they shall begin any excavation or construction in any street, road, alley or public highway within any [sanitary district] *sub-district* shall file with the Commission plans of such work and construction showing the location and depth in such street, road, alley or public highway, of the proposed main, conduit, pole, pipe or other structure, and such construction or work shall not be begun until said plan shall have been approved by the Commission, nor shall any change be made in said approved plan or in the work or construction as shown upon said
