

Districts", which section was enacted by Chapter 801 of the Acts of 1959, be and it is hereby repealed and re-enacted, with amendments, and that said section be and it is hereby re-codified as Section 22-76A of the Anne Arundel County Code (1957 Edition, being Article 2 of the Code of Public Local Laws of Maryland), title "Anne Arundel County", sub-title "Waters and Sewers", sub-heading "Connection Charges", to follow immediately after Section 22-76 thereof, and to read as follows:

[534A]

22-76A

(a) From and after June 1 **[1959,]** 1961, no individual firm, partnership, mutual enterprise, or corporation shall construct, alter or extend a water supply system or a sewerage collection and disposal system in any area in Anne Arundel County *whether such system is located within or out of the area of the Anne Arundel County Sanitary District*, without first having received a written permit therefor from the Anne Arundel County Sanitary Commission, and ~~22-76A of the Anne Arundel County Code (1957 Edition), being~~ such permit shall not be issued until complete plans and specifications for the construction, alteration or extension, together with such information as the Commission may require, have been submitted to and approved by said Commission. All construction shall take place only in accordance with plans approved by and subject to inspection of said Commission. Whenever it shall become necessary or desirable to make material changes in plans and specifications, a statement of the reasons for such changes shall be submitted to the Commission and no such changes shall be embodied in the actual construction of such systems until they have been approved and a permit issued therefor.

[Nothing in this Section shall apply to any area not in the special taxing districts of the Anne Arundel County Sanitary Commission without the approval of the Board of County Commissioners.]

(b) The Anne Arundel County Sanitary Commission is hereby authorized and directed to approve plans in accordance with its requirements and issue permits for the construction, alteration or extension of a water supply system, a sewerage collection and disposal system in the areas described in sub-section (a) hereof, with the right in said Commission to charge a reasonable fee therefor, not exceeding six per cent (6%) of the estimated cost of such work. The said Commission is further authorized and directed to make inspections of all such projects during the course of construction and to require such construction to be in conformity with the approved plans.

(c) Upon the completion of any such project the individual, firm, partnership, mutual enterprise or corporation constructing the same shall file with said Commission as a permanent record a certified copy of the full and complete plans as built, and such record shall be of such character and in such form as may be prescribed by the Commission.

(d) This section shall not apply to any water supply, sewerage collection and disposal system constructed for the sole purpose of
