

(c). *If any substantial alteration or addition to the sewer system is deemed necessary by the County Health Officer or the County Plumbing Inspector, the owner must have this portion of the work completed under the supervision of a master plumber before said permit will be issued.*

(d). *Upon the installation of said appliances, the same shall be inspected by the County Plumbing Inspector under the same rules and regulations as other plumbing installations.*

(e). *Nothing herein shall prohibit installation of appliances as aforesaid by the purchaser and ultimate consumer, providing he makes the proper application, secures the proper permit and the job is inspected by the Plumbing Inspector after it is completed.*

321C (a). *Any person not a Master Plumber installing any pump, drinking cups or cold water pressure tanks in Queen Anne's County must make application to the County Plumbing Board for a special County license entitling him to make such installations. Said application must be accompanied by a fee of Ten Dollars (\$10.00) and a performance bond in the amount of Two Thousand Dollars (\$2,000.00), conditioned upon the said applicant's proper installation of said pumps, drinking cups and cold water pressure tanks, said bond to be in such form as shall be prescribed by the County Plumbing Board. Said license shall be issued for a period of one (1) year, but may be refused or revoked by said County Plumbing Board in the event it is shown that said licensee is either unable or unwilling to properly perform his work and/or it becomes necessary to take action upon his bond filed as aforesaid.*

(b). *No permit or inspection is required for the installation of pumps, drinking cups and cold water pressure tanks.*

(c). *Any piping beyond the cold water pressure tank, except piping of cups and faucets for agricultural use, must be done by a master plumber. If, however, installation necessitates any work in the well, a permit must be obtained from the County Commissioners and the work must be inspected by the Plumbing Inspector before covering the well as hereinbefore set forth.*

(d). *Nothing herein shall prohibit the purchaser and ultimate consumer from installing a pump, drinking cup and cold water pressure tank without a license.*

321D (a). *Any person employed as a maintenance man in a cannery, oyster house, orange juice plant, milk plant or similar operation must make application to the County Plumbing Board for a special County license entitling him to do all maintenance work pertaining to the company's machinery and plumbing system inside the plant. Said application must be accompanied by a fee of Ten Dollars (\$10.00) and a performance bond in the amount of Two Thousand Dollars (\$2,000.00), conditioned upon the said applicant's proper performance of his work. Said license shall be issued for a period of one (1) year, but may be refused or revoked by said County Plumbing Board in the event it is shown that said licensee is either unable or unwilling to properly perform his work and/or it becomes necessary to take action upon his bond filed as aforesaid.*
