

addresses he made. The first which dates from 1946 at the time the world was just beginning to grasp the potential threat of atomic warfare shows clearly the conception Senator Tydings had of the forces of atomic energy: "Unless thought-deep thought-accompanied by action takes place for the control of the atomic bomb, civilization faces unbelievable destruction in the next war."

The second quotation is from the senatorial campaign of 1938 when Senator Tydings had been marked for "~~perjury~~" PURGE because of his voting against the Supreme Court "packing" bill in the late 1930's. The Senator's answer at that time was: "If I am elected, I shall vote for those measures I believe to be right and oppose those I believe to be wrong, no matter who advocates them or opposes them and when I can no longer do that I care no longer to represent this State in any public body."

In Senator Tydings' passing the State, the nation and the world have lost an outstanding and remarkable citizen. The General Assembly of Maryland joins in the universal regrets over the passing of this leader in public life; now, therefore, be it

Resolved by the General Assembly of Maryland, That the deepest regrets of every member of the General Assembly be expressed over the passing of the Honorable Millard E. Tydings a former member of this General Assembly and a long time member of the Senate of the United States and; be it further

Resolved, That the Secretary of the State of Maryland be instructed to send copies of this resolution under the great seal of the State of Maryland to Mrs. Millard E. Tydings, Oakington, Havre de Grace, Maryland and to his son, Joseph D. Tydings, his daughter, Mrs. F. Warrington Gillet, Jr. and to his sisters, Mrs. Naomi Pickett and Mrs. John Eager.
