41.

(a) No more than one license provided by this article, except by way of renewal, shall be issued in any county or Baltimore City, to any person, or for the use of any partnership, corporation or unincorporated association, in Baltimore City or any county of the State, and no more than one license shall be issued for the same premises except as provided in sections 5 and 6 and nothing herein shall be construed to apply to subsections (b) and (c) of section 25 [or to] subsection (e) of section 28 or to section 121, (*pertaining to special music or dancing licenses for Anne Arundel County*), of this article.

42.

(a) The board of license commissioners for Baltimore City, and the board of license commissioners for any county, respectively, shall have full power and authority by rules and regulations to limit and restrict, in accordance with a definite standard the number of licenses which they shall consider sufficient for any neighborhood, to regulate and limit the use of mechanical music boxes and other sound-making devices, and to divide the city or county, as the case may be, into districts, and prescribe areas in which no licenses may be issued. Any applicant or licensee feeling aggrieved by any limitation, restriction or prohibition imposed by any such board shall be entitled to appeal as hereinafter provided.

*(b) (1) In Anne Arundel County, the Board of License Commissioners is authorized to restrict any area within the county to the existing number of licenses therein or to any other number of licenses therein. The Board shall conduct a hearing on the proposed restriction of licenses. The hearing is advertised in the manner required for the issuance of a new license. After taking testimony for and against the restriction of licenses, the Board may prohibit additional licenses, or fix the number of licenses permitted in any area and determine the limits of that area. The Board may restrict or prohibit a specified number of licenses in any area, when in the opinion of the Board the area has either 1. Sufficient licensed premises for the accommodation of the public or 2. Become saturated with licensed premises to the extent that special policing is required and traffic hazards are created, or 3. Changed character so that the existing number of licensed premises is inconsistent with present usage therein and an increase in the present licensed premises will unduly disturb the peace of the residents therein. The area may be restricted by the Board in its discretion, for any period of more than one year but for not longer than four years. At the end of the period fixed by the Board, the restrictions shall terminate and be of no further effect,*
