The said bill was then sent to the Senate.

A bill entitled, an act to regulate the inspection of Lumber in Baltimore city;

Mr. Stubbs offered the following amendment:

Section 1, line 5, strike out "or," and add after Havre de Grace, "Perryville or its vicinity;"

Amendment assented to.

Mr. Abbott offered the following amendment:

"Sec. 3. And be it enacted, That all white pine boards and plank shall be inspected in three qualities; a prime white pine board shall be near a perfect board, and shall not contain more than one-twelfth part sound sap, or one foot of straight split, or two specks of knots in a board twelve feet long and twelve inches wide and one inch thick, and shall be near a parallel breadth; a combination of any of the above defects will make it a common board of the above size, will not admit of more than one-third sound sap on its edge on one side, or a straight split one-third of its length, or three knots of not more than three-fourths of an inch in diameter; a combination of the above defects will make it a culling; the inspector to use his discretion in regard to a larger or smaller board, or in regard to any other defects not mentioned in this act. Besides the mark of its contents, it shall be marked with two straight marks to designate its quality. All other boards inferior to a common, shall be a culling, and besides the mark of its contents, shall have an additional mark."

Which was rejected.

Also offered the following amendment:

"Sec. 4. And be it enacted, That all cherry, walnut, maple, sycamore, oak, ash, yellow pine, poplar, ship plank or timber, shall be inspected in two qualities, prime and cullings, to be left
