

in part, the annuity of \$4,466 66 $\frac{2}{3}$, the State has occasioned a loss to the College, of \$155,386 66 $\frac{2}{3}$, principal and interest.

Question 3d. How are its funds raised ?

Answer 3d. By the annuity of \$3,000 from the State, and by tuition fees.

Question 4th. What is the number of its graduates, and how many have graduated each year ?

Answer 4th. Three hundred and eighty-four. Among whom we find the names of Judge Magruder, Robert H. Goldsborough, John Leeds Kerr, Gov. Dan'l Martin, Chief Justice Dorsey, G. Washington Parks Custis, Gov. James Thomas, David Hoffman, Judge Randall, Hon. Reverdy Johnson, and his brother, the late Chancellor, Judge Lomax, Francis Key, and Thomas S. Alexander. The average number of graduates is between seven and eight, per annum—excluding the period from 1811 to 1822, when in consequence of the withdrawal of the State's grant, there was no graduating class. This gives by no means a full estimate of the educational power of the College, as numbers leave for the various avocations of life, who do not complete their academic course. This need occasion no surprise, as at the great University of Virginia there graduated last year out of nearly seven hundred students, only fourteen. With our present number, which is larger than for some years, we shall only graduate nine, next commencement.

Question 6th. What is the number of Professors, and their salaries ?

Answer 6th. There are six Professors engaged in the daily instruction of 104 students. The salaries of these Professors are as follow:—Principal, \$2,000 ; Vice-Principal, \$1,000 ; three Professors, \$800 each, and one Professor, \$600. In addition to which, after the deduction of the current expenses of the College, and the gratuitous education of twenty-eight students and of the sons of clergymen of all religious denominations, the tuition money is divided among said Professors. We would remark, that the present arrangement only continues until October, 1858, after which period the compensation of the Professors will be reduced to \$500, and tuition fees, in consequence of the investment in buildings recently made of the lottery grant.

Question 7th. What have been the Principals, Clergymen, or Laymen, and to what denomination of Christians have they belonged ?

Answer 7th. 1st—John McDowell, L. L. D., from 1790 to 1807. 2d—Rev. Bethel Judd, from 1807 to 1813. (From 1813 to 1820, there was no Principal, owing to the withdrawal
