So the enacting clause was stricken out.

The bill entitled, an act to authorise the Mayor and City Council of Baltimore to establish and enforce an inspection of gas and gas metres in that city,

Being upon its second reading,

Mr. Crowley proposed the following as a substitute for the 3d section thereof:

“Sec. 3. Be it enacted, by the General Assembly of Maryland, That such deficiency in the quality of said gas, or such defectiveness of any metre, or measure, as referred to above, shall not subject the Gas Light Company of Baltimore to the operation of this act; unless such deficiency in the quality of said gas, or such defectiveness of any metre or measure, shall be justly chargeable to a design or a neglect, on the part of any agent or agents of said company; and no penalty shall in any way attach to said Gas Light Company of Baltimore, until such charge of a design, or neglect, or such defectiveness of any metre or measure shall first have been legally established;”

Which was not assented to.

The said bill was then read the second and third times, by special order, and passed by yeas and nays as follow:
