

factured for sale, stored, or dispensed in any size packages or containers not to exceed half-gallon packages or containers and said packages or containers shall be plainly and distinctively labeled "Ice Milk" in letters as large as the largest letters on said package or container. Ice milk may be drawn from a freezer and each freezer must be plainly marked "Ice Milk," in a manner conspicuous to the public, in letters at least three inches (3") in height. Ice milk shall not be dispensed or sold from packages or containers for any use whatsoever. "Dispensed" shall mean dipping, scooping, or breaking of packages or containers.

(ii) *Artificially sweetened ice milk means the pure, clean, frozen products made from a combination of milk products, sorbital, cyclamate calcium, saccharin, non-nutritive artificial sweeteners, and/or other harmless, non-nutritive edible carbohydrates for use only by persons who must restrict their intake of ordinary sweets with or without harmless coloring, and with or without added stabilizer or emulsifier composed of wholesome edible material. It shall contain not more than one half of one per centum by weight of stabilizer and not more than one fifth of one per centum by weight of emulsifier, not less than ten* **NOT LESS THAN FOUR PER CENTUM NOR MORE THAN SEVEN** *per centum by weight of milk fat, and not less than eleven per centum by weight of total milk solids. In no case shall any artificially sweetened ice milk weigh less than four and one-half pounds per gallon and contain less than one and three-tenths (1.3) pounds of total food solids per gallon.*

(iii) *Subject to the standards provided by law or prescribed by rules or regulations by the State Department of Health pursuant thereto, any person may manufacture or prepare artificially sweetened ice milk, containing an artificial sweetening agent approved by the State Department of Health. The manufacturer shall place the artificially sweetened ice milk only in pint packages or containers which shall be conspicuously labeled, "artificially sweetened" immediately preceding the words "ice milk," in similar type at least one-half the size of the type use for the words "ice milk" and on the same contrasting background, and in addition shall label thereon "intended for diabetics under medical advice" and any other warning statement which the State Department of Health may prescribe. The label shall also contain a statement in terms of percentage by weight of protein, fat and carbohydrates, the total number of calories per ounce, the number of calories contributed by carbohydrates and any carbohydrates other than lactose, and the name of each ingredient entering into the composition other than flavors. The artificially sweetened ice milk shall not be sold in any quantity or in any manner other than in a sealed or unbroken pint package or container.*

(g) (i) "Stabilizers" or emulsifiers are pure edible gelatins or vegetable gums or any other wholesome edible materials and in such amounts as may be approved by the State Board of Health.

(ii) "Artificial sweetener" is a pure edible product which is made synthetically and has no calorie value. Provided, that nothing contained in this definition shall be construed as barring any artificial sweetener other than those mentioned in this law, which has been demonstrated to be equally as efficient and which has been approved by the State ~~Health Authority~~ **BOARD OF HEALTH AND MENTAL HYGIENE.**
