

erty Plan" for the entire contract or each portion thereof which is on a new location to show pictorially the area taken in relation to the remainder of the owners' land in cases where metes and bounds survey plat is not filed, and

WHEREAS, Preliminary discussions with State Roads Commission officials indicate that such "Right of Way Property Plans" can be prepared and filed for a reasonable cost; now, therefore, be it

*Resolved by the General Assembly of Maryland,* That the State Roads Commission is requested, in each case where a highway project is being built on a new location, or such portion as is on a new location, to prepare and record with the appropriate Court Clerk a mosaic or "Right of Way Property Plan" which will show the outline of the entire property and the location of the right of way being acquired through such property. The information to be shown on such plan need not be ascertained through actual field survey, but may be prepared from the plotting of deeds and the gathering of field topography that will assist in the assembly of this data into the "Right of Way Property Plan" showing pictorially the appropriate relation of the right of way taking to the entire tract.

In connection with the preparation and recording in the appropriate County of such "Right of Way Property Plan" the State Roads Commission is authorized to furnish appropriate plat books, uniform in design, to the several Court Clerks where State Roads Commission plats and deeds are recorded.

The State Roads Commission is further requested to review its files of recent major highways constructed on new location and in those cases where the above referred to "Right of Way Property Plan" can be prepared from data already in its possession, to prepare such plans at the earliest practical date and record such plans with the Clerk of the Court of the appropriate County; and be it further

*Resolved,* That a copy of this Resolution be forwarded to the Chairman of the State Roads Commission.

Approved May 6, 1963.

No. 37

(House Joint Resolution 71)

House Joint Resolution memorializing the Congress of the United States to enact legislation to implement the "Federal Flood Insurance Act of 1956."

WHEREAS, The Congress of the United States, in 1956, enacted the "Federal Flood Insurance Act of 1956"; and

WHEREAS, The Congress found in said act that "In the case of recurring natural disasters, including recurring floods, insurance protection against individual and public loss is not always practically available through private or public sources"; and
