

Furthermore, Subsection H, Section 150, of Article 66½, which pertains to the Unsatisfied Claim and Judgment Fund, defines an uninsured motor vehicle as one on which there is not in force a liability insurance policy meeting the requirements of Section 122. This would require all motor vehicle owners to carry liability insurance bearing limits of \$15,000 for any one person and \$30,000 for each accident. However, Section 162 and 172, also pertaining to the Unsatisfied Claim and Judgment Fund, provide that the maximum amounts payable from the Fund should be \$10,000 and \$20,000 respectively.

While I have no specific objections to revising existing limits, I do feel that, if such action is taken, other sections of the existing law should be amended accordingly. For this reason, I am returning Senate Bill 100.

With kindest personal regards, I am

Sincerely yours,

(s) J. MILLARD TAWES,

Governor.

JMT/Jd/Encl.

#### **Senate Bill No. 120—Funds of Board of Medical Examiners**

AN ACT to add a new Section 129B to Article 43 of the Annotated Code of Maryland (1957 Edition and 1962 Supplement), title "Health," subtitle "Practitioners of Medicine," to follow immediately after Section 129A thereof, providing that certain surplus funds in the custody of the Board of Medical Examiners shall revert to the General Funds of the State.

May 2, 1963.

Honorable William S. James  
President of the Senate  
State House  
Annapolis, Maryland

Dear Mr. President:

In accordance with the provisions of Article 2, Section 17 of the Maryland Constitution, I have today vetoed Senate Bill No. 120 and am returning this Bill along with my veto message.

This Bill provides that certain surplus funds in the custody of the Board of Medical Examiners shall revert to the general funds of the State.

The Attorney General of Maryland finds that the title, enacting clause and body of the Act are completely different from the form in which the Bill was originally introduced. That is to say, the amendment ultimately effected by the General Assembly is on a matter entirely foreign to the Bill as it was originally introduced.

I have been further advised that this Bill would virtually cripple the operation of the Board of Medical Examiners from a fiscal standpoint.
