

*structing, remodeling or repairing their own septic system on their own property, where they reside, or to any licensee whose license has been suspended or revoked if said licensee is correcting a defect on a job contracted prior to the date of suspension or revocation, or a holder of Kent plumbing license (Master or Special).*

*(b) A person shall mean any individual, firm, corporation, association, partnership, institution or public body and include the plural as well as the singular.*

*(c) Health Officer shall mean the legally designated authority of Kent County or the State of Maryland, or his authorized representative.*

*(d) Any person desiring to obtain a valid septic system contractor's license shall apply to the Health Officer on a form approved for this purpose provided that a license is not under suspension or revocation.*

*(e) Licenses shall be issued for a period not in excess of one year and shall expire on June 1 of each year; renewal shall be for a period not to exceed one year. The application for said license must be accompanied by a fee of Ten Dollars (\$10.00) and a performance bond in the amount of Two Thousand Dollars (\$2,000.00) conditioned upon the contractor's proper installation of septic tanks, dry wells, tile fields, etc., said bond to be in such form as shall be prescribed by the County Plumbing Board.*

*(f) Any license may be suspended or revoked by the Health Officer after a licensee has violated any provisions of the health laws or septic tanks regulations of Kent County or the State of Maryland or any other law or ordinance relating to the installation of septic tanks in Kent County, Maryland.*

*(g) Any person whose license has been suspended or revoked may, at any time, make application in writing to the Health Officer for reinstatement of his license, and upon satisfactory proof of the correction of all previous violations of Health Department or septic tank regulations shall be entitled to have his license reinstated.*

*(h) The holder of a license shall present it upon request by employees or agents of Board of Health, Plumbing Inspector of Kent County or any officer of the law of Kent County or the State of Maryland.*

*329E. Inspection of the property before and during the construction authorized by the "Sanitary Construction Permits" shall be made by the Kent County Plumbing Inspector or Sanitarian as follows:*

*First Inspection—All soil lines, drains, vents and waterlines inside of any building must be inspected after they are roughed in and before they are covered. All outside sewer facilities must be inspected after installation and before being covered. Any pump connected with a well must be inspected before being covered.*

*Second or Final Inspection—All work must be given an inspection and receive final approval after all plumbing fixtures and appliances connected with the water or sewerage system are set, sewers and wells are covered and job completed.*
