CHAPTER 70

(Senate Bill 91)

AN ACT to add new Section 228A to Article 43 of the Annotated Code of Maryland (1957 Edition), title "Health", to follow immediately after Section 228 thereof, and to be under the new sub-title "Shellfish and Food Products", to prohibit the importation into the State of shellfish and shellfish food products not certified by the United States Public Health Service, with exceptions, to require proof of certification of imported shellfish and shellfish food products, to provide for detention and destruction of imported shellfish and shellfish food products, and to provide penalties for violations.

SECTION 1. *Be it enacted by the General Assembly of Maryland, That new Section 228A be and it is hereby added to Article 43 of the Annotated Code of Maryland (1957 Edition), title "Health", to follow immediately after Section 228 thereof, and to be under the new sub-title "Shellfish and Food Products", and to read as follows:*

Shellfish and Food Products

228A.

(a) The State Department of Health shall prohibit the importation into the State of shellfish from sources that have not been certified for interstate shipment through the U. S. Public Health Service. This prohibition shall not extend to shellstock imported into the State for replanting under the direction of the Department of Tidewater Fisheries.

(b) The State Department of Health shall prohibit the importation into the State of all food products containing shellfish and/or portions of shellfish unless the shellfish and/or portions of shellfish are from sources which have been certified for interstate shipment through the U. S. Public Health Service. All processors of food products containing imported shellfish and/or shellfish portions must keep on file proof that the shellfish and/or shellfish portions are from sources certified through the U. S. Public Health Service and shall
