

(i) To cooperate with the following agencies:

1. The State Roads Commission for shore erosion control where essential to protect municipal, county or State roads.

2. The United States Army Corps of Engineers for the conduct of shore erosion studies.

3. The Soil Conservation Service, United States Department of Agriculture, in evaluation and application of vegetative measures for shore erosion control.

4. The Water Pollution Control Commission in the reduction of pollution originating from shore erosion.

5. The Department of Geology, Mines and Water Resources in the conduct of overall geological studies of shore erosion.

6. The Department of Forests and Parks in shore erosion control aspects of parks and recreation management.

7. THE DEPARTMENT OF PUBLIC IMPROVEMENT ON THE ASPECT OF SHORE EROSION CONTROL.

757.

*The chief of the Division shall be an engineer with experience and training in shore erosion control. He shall be the administrative head of the Division.*

THIS PROGRAM OF SHORE EROSION WILL BE CONDUCTED BY THE ENGINEERING SECTION OF THE DEPARTMENT OF TIDEWATER FISHERIES.

758.

(a) Funds shall be provided in the annual State general construction loan to be used for matching local funds from any source other than the State for shore erosion control studies to be performed by the United States Army Corps of Engineers. The State's share of the cost of such a study shall not exceed twenty-five per centum (25%).

(b) Funds shall be provided in the annual State general construction loan to pay for the State's share of construction costs of shore erosion projects. The value of engineering sources provided by ~~the Division~~ THIS SECTION shall be considered a part of the State's contribution. ~~The Division~~ THIS SECTION shall actively seek co-operation and cost sharing from federal sources for all eligible projects. Whenever ~~the Division~~ THIS SECTION has designed a project and has estimated its cost, and with assurances that at least seventy-five per centum (75%) of the cost will be payable from sources other than the State, ~~the Division~~ THE DEPARTMENT OF TIDEWATER FISHERIES shall submit a request for funds in the State general construction loan, supported by an itemized list of specific projects. The State's share of any project shall be limited to twenty-five per centum (25%) of its cost.

759.

*There is hereby created an Advisory Committee to the Division, which shall advise the Division on the establishment of operational*
