

Partridges (quail)

Male English Ringneck, Mongolian or melanistic mutant pheasant or any other imported species, ruffed grouse, rabbit, or hare.

owner or tenant of said property may kill said squirrel or squirrels at any time.

November 15 to February 15, inclusive.

November 15 to **[January 5] February 15**, inclusive, EXCEPT RUFFED GROUSE WHICH SHALL NOT BE HUNTED IN ALLEGANY AND GARRETT COUNTIES AFTER JANUARY 5. It shall be unlawful to hunt any upland game in any manner in Garrett and Allegany Counties during the open season for the hunting of deer.

Bear

Male deer, with two or more points to one antler, provided male deer with an antler three or more inches long, with the points measuring from the top of the skull as the deer is in life.

During regular male deer season only, if prescribed by the Commission.

May be hunted, pursued, or killed for a period of eight hunting days beginning on that Friday immediately following Thanksgiving in each and every year.

Antlerless Deer

The Commission may prescribe an open season for antlerless deer, by special permit, at such times and in such counties as the Commission shall in its discretion prescribe by regulation said antlerless deer season to be concluded on the third Saturday in December and the Commission may consider, among other factors, the deer population surveys, crop damage, kill of previous seasons, car kill, and size, weight, health, age and doe-fawn ratios of deer in the said counties in reaching such decision.

Deer, both sexes (bow and arrow)

In counties having a bow and arrow season, deer of either sex may be killed between September 1 and December 31, by means of a bow and arrow.

In any county or election district of the State, the Commission may reduce the deer population in areas suffering from crop damage after thorough investigation shows that such action is justified. The method of reducing the deer population shall be at the discretion of the Commission except that wherever feasible trapping shall be
