

In calculating the total amount of required prescribed salaries for subdivisions which employ more professional staff members than the allowed number, the number of allowed staff members shall be multiplied by the average prescribed salary for the total number of professional staff members employed. Further, in calculating the total amount of required prescribed salaries for all subdivisions, no adjustments shall be made for salary changes due to turnover in allowed positions after October 31 of any school year, and no adjustments shall be made for allowed staff members added or eliminated after March 1 of any school year.

(4) Local Share. To be eligible to receive the State share of current expenses, the board of county commissioners of each of the several counties and the mayor and city council of Baltimore shall levy an annual tax for public schools sufficient to prove an amount equal to 1.228 per cent of the sum of adjusted assessed valuation of real property and net taxable ordinary income for each of the several counties and Baltimore City, exclusive of the amount levied for debt service or capital outlay for public schools.

(5) Amount of State Share. The State share of current expenses shall be the difference between the local share calculated in (4) and the adjusted expenditure for current expenses as calculated in (1), (2), and (3), all these references being to paragraphs in this subsection.

(6) Same. For each county and Baltimore City the following calculations shall be made: \$98 shall be multiplied by the number of pupils enrolled on September 30 of the school year for which the calculation is made, to which shall be added the adjustment for increased enrollment as calculated in paragraph (2) of this subsection and from which shall be subtracted the product of \$6,200 multiplied by one staff member for each 1,000 of the first 5,000 pupils or major portion thereof. To this figure shall be added or subtracted the adjustment for minimum salaries and staffing level as calculated in paragraph (3) of this sub-section. In the event that the amount arrived at by this calculation exceeds the amount of the State's share calculated in paragraph (5) of this sub-section, to such county or Baltimore City, the State shall pay the larger amount. The amounts of State aid provided under this section shall be in addition to any amounts provided for elsewhere in this article.

(7) Minimum Amount To Be Spent for Other Current Expenses. Neither a county board of education or the Board of Education of Baltimore City may spend for other current expenses less than \$61 for each pupil enrolled as of September 30 of the current year, plus \$30 for each additional pupil enrolled in excess of the number enrolled on September 30 of the preceding year.

(8) Aid Received under Article 66 $\frac{1}{2}$  Not To Be Duplicated. Aid calculated under the provisions of this sub-section shall not duplicate any aid received under the provisions of Section 90 of Article 66 $\frac{1}{2}$ .

SEC. 2. *And be it further enacted*, That this Act shall take effect June 1, 1965.

Approved March 11, 1965.
