

Commissioners. The said County Commissioners in their next annual levy shall levy said tax on all land and improvements and all other property assessed for county tax purposes within the respective sanitary district, which tax shall be levied and collected and have the same priority rights, bear the same interest and penalties and in every respect be treated the same as county taxes. The tax so levied for the ensuing year shall be collected by the tax collecting authorities and every sixty days they shall remit the whole amount of the tax so collected to the Commission. From the money so received, together with the amount in hand to the credit of said bond fund, the Commission shall first pay all interest and principal on said bonds as it becomes due, and shall then deposit the residue of said moneys in some bank or banks in said County to the joint credit of the County Commissioners and the Commission. The Commission is authorized to pay the interest on any bonds it may issue out of the proceeds of the sale of said bonds, but not more than one year's interest may be so expended.

In order that the prompt payment of interest and the proper provision for the payment of the principal of said bonds shall be assured, the prompt and proper performance of the respective acts and duties heretofore defined is specifically enjoined, and any failure upon the part of any person, persons, body corporate or agent to perform the necessary acts and duties hereafter set forth, to pay over the said funds as required, or to use said funds or any part thereof for any other purpose than for the payment of the principal and interest on said bonds, is hereby declared a misdemeanor and punishable as other misdemeanors are punishable by Section **[21]** 195 of this sub-title.

When any water main or sewer is declared by said Commission complete and ready for the delivery of water or the reception of sewage, every abutting property owner, after due notice, shall make a connection of all spigots or hydrants, toilets and waste drains with said water main or sewer within the time prescribed by the Commission. Where the aforesaid fixtures do not exist, or are of a nature which, in the judgment of the Commission, is improper or inadequate, satisfactory equipment shall be installed by the owner on the premises consisting of at least one water closet and one sink or wash basin, both of which shall be properly connected with the sewer of said Metropolitan Commission. All cesspools, sink drains and privies located on properties connected to sewers provided by the Commission shall be abandoned, closed and left in a sanitary condition so that no odor or nuisance shall arise therefrom.
