

tion] programs for the ensuing five years until it shall have received from said Park and Planning Commission its comment and recommendations on the proposed programs or until twenty-five days shall have passed, whichever shall be sooner. If [said] *the* Park and Planning Commission shall recommend any changes or deletions in the proposed program, it shall state its reasons therefor, in writing, and the Sanitary Commission shall re-examine its proposed programs and give due weight to the recommendations of said Park and Planning Commission before final adoption of the programs, it being the intent of the General Assembly that the two Commissions shall make every reasonable effort to reach agreement with respect to the programs required by this section, but that the Sanitary Commission's right to make the final decision in the event of disagreement shall not be impaired, except as hereinafter provided. If the Sanitary Commission shall propose a resolution amending any duly adopted [construction] program in accordance with this section, such proposed resolution shall, before final adoption, be transmitted, along with a statement of explanation, to the said Park and Planning Commission and the same procedures shall be followed as set forth herein for the five-year program and annual revisions thereof.

[(c)] ~~(d)~~ Submitted to Montgomery County Council. In addition to the above and not in substitution therefor, *at least fifty days before final adoption by the Sanitary Commission of the five year programS, of the annual revisions and of any interim amendment, it shall submit to the Montgomery County Council the portion of [its five-year projected] such programs or revisions or amendments [of] concerning major extensions of sewer and water facilities in Montgomery County. [*, and the annual revisions thereof and any resolution proposing an amendment thereto, all of which submissions shall be made at least fifty days before final action is taken by the Sanitary Commission. The commission shall submit to the County Council, with its projected program, for information and review, all previously approved projects which have not been contracted for construction.] The County Council shall hold a public hearing thereon, ten days' notice of which shall be given by one publication in a newspaper or newspapers [.] of general circulation in Montgomery County. Such public hearing shall be held not less than twenty-five nor more than thirty-five days after submission of the program to [said] *the* Council. If, thereafter, the County Council shall not respond within forty-five days of receipt of [such] *the Commission's* submission, its consent thereto shall be assumed. If the County Council shall disapprove any project in Montgomery County [.] contained in any such submission, or shall request deferral of any scheduled priority for any such project, or shall request that no connection or access be permitted on any project or portion thereof, the Sanitary Commission shall amend its program accordingly, but the County Council's disapproval of a water project shall not extend to one designed to provide significant water service to Prince George's County, and in such situation the County Council may designate the portion of the water line within Montgomery County as a limited access line with respect to connections in Montgomery County. Where recommendations have been received from the Park and Planning Commission and the Sanitary Commission does not agree therewith, the Sanitary Commission shall submit, in writing, to the Montgomery County Council, its reasons for not accepting
