SEC. 4. *And be it further enacted*, That before borrowing any money or issuing any bonds pursuant to the authority of this Act, the County shall adopt, in addition to or as a part of any other resolution required by this Act, a resolution (i) determining the fire company or companies to which the proceeds of the bonds authorized by this Act shall be paid by the Treasurer of Prince George's County (or such other officer of the County designated to receive payment for the bonds in a resolution passed by the Board of County Commissioners for Prince George's County pursuant to Section 5 of this Act) and (ii) prescribing the terms and conditions upon which the proceeds of the bonds authorized by this Act shall be made available for use by such fire company or companies. The County may provide by such resolution that (i) in addition to the fact that the bonds authorized hereunder are an irrevocable pledge of the full faith and credit of the entire County, the principal of and interest on such bonds shall be paid primarily from the fire taxes levied pursuant to subtitle 32 of the Code of Public Local Laws of Prince George's County (1963 Edition, as amended, being Article 17 of the Code of Public Local Laws of Maryland), and (ii) before disbursing any fire taxes levied pursuant to such subtitle, the appropriate fiscal officer of the County may withhold a sufficient amount from those fire taxes to be disbursed to any fire company to provide for the payment of the principal of and interest on bonds issued by the County to finance the construction of a fire engine house or fire engine houses for such fire company, such disbursements to be in accordance with the limitations, terms and conditions of subtitle 32 of the Code of Public Local Laws of Prince George's County, as amended from time to time.

In the event the amounts so borrowed shall prove inadequate for the financing of any such fire engine houses, at any time, the County may issue additional bonds within the limitations hereof for the purpose of evidencing the borrowing of additional funds for any such fire engine houses, provided the resolution for authorizing the additional bonds shall so recite, but if the funds derived from the sale of any issue of said bonds shall exceed the amount needed to finance the fire engine houses described in said resolution, the excess funds so borrowed shall be applied by said County in payment of the next principal maturity of the bonds so issued or to the redemption of any part of said bonds, if the same shall have been made redeemable.
