

tures of the Board attested by affidavits of its Chairman and its Secretary.

11.

An *annual* roster showing the names and places of business of all **[registered]** professional engineers and all **[registered]** *professional* land surveyors AND PROPERTY LINE SURVEYORS shall be kept by the Secretary of the Board *and a copy shall be sent free to each registrant upon renewal.* Copies of this roster shall be placed on file with the Secretary of State and furnished to the public **[upon request]** *at a reasonable cost to be established by the Board.* Each registrant shall advise the Board not later than June 30 of each year, on a form provided by the Secretary of the Board, the name and place of business of the registrant *and other such data deemed pertinent by the Board.* The names of those registrants who do not pay the renewal fee prior to **[June 30]** *July 1* of each year shall not be included in the next issue of the printed roster. **[The printer roster shall be issued at such intervals as the Board may designate.]**

[12.

The following shall be considered as minimum evidence satisfactory to the Board that the applicant is qualified for registration as a professional engineer, or land surveyor, or for certification as an engineer-in-training, respectively:

(1) As a professional engineer:

(a) Graduation in an approved engineering curriculum of four years or more from a school or college approved by the Board as of satisfactory standing; and a specific record of an additional four years or more of experience in engineering work of a character satisfactory to the Board, and indicating that the applicant is competent to practice engineering (in counting years of experience, the Board at its discretion may give credit, not in excess of one year, for satisfactory graduate study in engineering), provided that in a case where the evidence presented in the application does not appear to the Board conclusive nor warranting the issuing of a certificate of registration, the applicant may be required to present further evidence for the consideration of the Board, and may also be required to pass an oral or written examination, or both, as the Board may determine; or

(b) A specific record of eight years or more of experience in engineering work of a character satisfactory to the Board and indicating that the applicant is competent to practice engineering; and successfully passing a written, or written and oral, examination designed to show knowledge and skill approximating that attained through graduation in an approved four-year engineering curriculum; or

(c) A specific record of twelve years or more of lawful practice in engineering work of a character satisfactory to the Board and indicating that the applicant is competent to practice engineering and provided applicant is not less than thirty-five years of age, and provided further that in the case where the evidence presented in the application does not appear to the Board conclusive, nor warranting the issuing of a certificate of registration, the applicant may be required to present further evidence for the consideration of the
