

completion of an eight-hour written examination in the fundamentals of surveying designed to show knowledge and skill equivalent to that obtained through graduation from an approved four scholastic year engineering curriculum and of an eight-hour written examination in the principles and practice of surveying. Where the evidence presented in and with the application does not appear to the Board to warrant the admission to the examination, the applicant may be required to present further evidence for the consideration of the Board; or

(3) A specific record of at least twelve years of experience in land surveying of a character satisfactory to the Board indicating that the applicant may be competent to practice land surveying; provided, however, that the applicant is at least thirty-five years of age, that the evidence of such practice presented by the applicant is satisfactory to the Board, and that the applicant successfully completes an eight-hour written examination in the principles and practice of land surveying. Where the evidence presented in and with the application does not appear to the Board to warrant the admission to the examination, the applicant may be required to present further evidence for the consideration of the Board.

(d) *As a Land Surveyor-in-Training:*

(1) Graduation from a surveying or engineering curriculum of four scholastic years or more approved by the Board and passing a written examination in the fundamentals of surveying; or

(2) Graduation from a surveying or engineering curriculum of four scholastic years or more or their equivalent other than the ones approved by the Board and a specific record of four years or more of additional experience in surveying work of a character satisfactory to the Board, and the successful completion of a written examination in the fundamentals of surveying.

(e) *As a Land Surveyor Trainee:*

Within one year of the effective date of this article, any person who has had three or more years of experience as a trainee in land surveying work satisfactory to the Board may file with the Board a letter of intent to become registered as a land surveyor. Any such person who files such a letter of intent shall be eligible for registration as a land surveyor at such time as he satisfies the following two requirements:

(1) Acquires a specific record of six years' experience in land surveying work of a character satisfactory to the Board indicating that he may be competent to practice land surveying and presents evidence of such experience satisfactory to the Board;

(2) Successfully completes an eight-hour written examination in the fundamentals of surveying and an eight-hour examination in the principles and practice of land surveying.

The provisions of this subsection (e) shall expire six (6) years after its effective date.

(F) **AS A PROPERTY LINE SURVEYOR:**

ANY PERSON MAY BE REGISTERED AS A PROPERTY LINE SURVEYOR UPON COMPLETION OF THE FOLLOWING TWO REQUIREMENTS:
